

## **CTERA RIBBON ROPING RULES**

1. The three age groups in the Ribbon Roping event are 40-49, 50-59, and 60+.
2. Roper must be a man and the runner must be a lady. Both must also be CTERA members.
3. One loop is permitted and catch as catch can.
4. Roper must dismount and touch the calf before the runner. If runner makes any contact with calf before roper, a no time will be awarded.
5. Ribbon runner must pull ribbon from calf's tail.
6. Time will start with roper, as in Calf Roping event, and end with runner crossing finish line. Ribbon runner must cross finish line and show ribbon to judge. If calf is caught inside line, runner must cross line in the opposite direction.
7. Finish line will be marked by tags on both side arena fences, 100 feet from barrier line. Judge will stand at line to flag the finish.
8. If a calf has no ribbon on tail and it is a fair catch, roper and runner get another calf, adding any penalties from first run.
9. If a roper pulls ribbon off the tail with his hands, a no time will be given.
10. If the rope causes the ribbon to fall from the tail, the runner must touch the calf, get the ribbon, and complete the run.

(As of now all age groups will be together but get points in their age group)

AMENDED 11-19-16

POINTS will be given how you place in top 6 no matter what age group you are in.
